

## **Exceptional PMP's, PBA's and CBAP's WANTED!**

For nearly 20 years, FPR has been the Project Management and Project Staffing experts in Las Vegas. We work with our clients to understand their business requirements and corporate culture in order to match exceptional Project Managers and staff to long-term stable projects. Our engagement managers and recruiters are former I.T practitioners who understand the technology and industry. Our consultants are regularly recognized by our clients as their top drivers of progress and organizational change. Our compensation levels are the highest in the valley as a result of our minimal management overhead.

We are currently pre-qualifying **Project Managers** and **Business Analysts** for upcoming long-term (12-48 months) projects. Prerequisite include:

- Industry Certification (PMP, CBAP & PBA preferred)
- Related college degree
- 5+ years' experience
- Las Vegas references preferred
- Excellent verbal, presentation and written communication skills
- Proven leadership and organizational change experience
- Ability to quickly learn new systems and processes
- Strong knowledge of PMI Best Practices
- Ability to inspire confidence and loyalty in project stakeholders
